## OCEAN LINER CUT WHALE IN TWO

The New York Sun says: Captain Lettner, of the Hamburg-American liner Gracia, which sailed hence for the West Indies on July 26, has written a letter to his agents here telling of the ship's collision with a whale when two days out. It was dusk when the skipper sighted a big black object that looked like a capsize derrick dead ahead.

He changed his course to avoid the object, which surprised him by also changing its course. He ran into it plumb amidships. The shock of hitting the whale was followed by two shocks, caused by the separated halves of the whale drifting against the propeller blades.

The skipper writes that the "sea for a distance of two ship's lengths in diameter was dyed red, one large portion of the dead whale was seen floating in the center of the crimson water. Three other whales which escaped unharmed were near the spot. Examination showed the engines were all right and the steamship proceeded twenty minutes later.

## CANDLER WILL LEND HIS AID IN CONGRESS

Mississippi Congressman Writes Regarding Resolution of the Pensacola Authorities.

Congressman E. S. Candler, Jr., to whom was recently referred a copy of the resolution passed by the City Board of Health of Pensacola, by Secretary I. H. Sykes, of the Columbus Progressive Union, has replied to the letter of that gentleman, and it is expected that he will lend his aid in the matter of the government assuming charge of all quarantines of seaports.

The letters of Secretary Sykes and Congressman Candler were received by Mayor Bliss yesterday afternoon and are as follows:

Secretary Sykes.  
"Columbus, Miss., Aug. 25, 1905.  
"Hon. Chas. H. Bliss, Pensacola, Fla.  
"Dear Sir—I am pleased to hand you letter from our representative in congress from this district bearing on the subject of seaport quarantine under government supervision.

"Should your representative present a bill looking to the national government assuming charge of quarantine along our sea ports, I feel sure that it will receive the support of Mr. Candler, who by the way, I want to assure you is a worker in the interest of any measure he advocates.

"Asking that you do me the kindness to return Mr. Candler's letter of the 24th, for my files, and assuring you of my desire to serve you in this important matter, I beg to remain,  
"Yours truly,  
"I. H. SYKES,  
"Secretary."

Congressman Candler.

"Mr. I. H. Sykes, Secretary Columbus Progressive Union, Columbus, Miss.

"Dear Mr. Sykes—Your letter of the 22nd inst. at hand this morning, enclosing to me a copy of the resolutions favoring national quarantine of seaports, etc., and requesting my support of a bill looking to the government assuming control of such matters.

"It will give me pleasure to give the matter candid consideration and to take such action in the premises as in my judgment will be for the best interests of the whole country. With assurances of best wishes and regards, I am,

## FIFTEENTH ANNIVERSARY TO BE CELEBRATED.

The fifteenth anniversary of the Creole Catholic Benevolent Association will be celebrated to-day, when the members will go across the bay and spend the day there.

## WRONG SORT Perhaps Plain Old Meat, Potatoes and Bread may Be Against You for a Time.

A change to the right kind of food can lift one from a sick bed. A lady in Weiden, Ill., says:

"Last spring I became bed-fast with severe stomach trouble accompanied by sick headache. I got worse and worse until I became so low I could scarcely retain any food at all, although I tried every kind, I had become completely discouraged, had given up all hope and thought I was doomed to starve to death, till one day my husband trying to find something I could retain brought home some Grape-Nuts.

"To my surprise the food agreed with me, digested perfectly and without distress. I began to gain strength at once, my flesh (which had been flabby) grew firmer, my health improved in every way and every day, and in a very few weeks I gained 20 pounds in weight. I liked Grape-Nuts so well that for 4 months I ate no other food, and always felt as well satisfied after eating as if I had sat down to a fine banquet.

"I had no return of the miserable sick stomach nor of the headaches, that I used to have when I ate food. I am now a well woman, doing all my own work again, and feel that life is worth living.

"Grape-Nuts food has been a god-send to my family; it surely saved my life and my two little boys have given on it wonderfully." Name given by Postum Co., Battle Creek, Mich.

## WANT JOHN D. TO PAY FOR PEACE

By Associated Press.  
Paris, Aug. 26.—Owing to reports from Portsmouth indicating that the question of peace between Russia and Japan hinges upon a matter of money, the Matin cabled tonight a remarkable appeal to John D. Rockefeller urging him to use his wealth to meet the crisis. The appeal concludes with lengthy arguments showing the immense benefits such an act would confer upon civilization.

## DR. PORTER TALKS OF THE QUARANTINE

(Continued from First Page.)  
direction. It should be an easy matter to eliminate the mosquito from this city, but the people should not stop now that they have their city in a sanitary condition, but should continue the work and make it permanent. "Keep the city in a sanitary condition should be the watchword, and it should be remembered that the mosquito can convey the dengue fever as well as the yellow fever."

Dr. Porter said that his visit to Pensacola was not to meet Dr. Guiteras, the noted Cuban yellow fever expert. In fact he had not corresponded with the latter in regard to a meeting, and said that his visit was solely in connection with the state quarantine system.

He will remain here for two or three days and will then return to Jacksonville to supervise the quarantine in all sections of the state.
